

## Portrait Art Workshop for adults and teenagers.

Make a mixed media portrait/self-portrait at this one day art making workshop.

Have you ever wanted to create a portrait? Here is your opportunity.

Join us for this one day portrait making experience in Leeton. Experiment with materials and techniques. This workshop is suitable for beginner, intermediate and advanced artists. Tracey will guide you to achieve your portrait image. Brown cardboard is supplied as well as charcoal, some paint and pastels.

You will need to bring your own reference photos printed onto copy paper. Print two images - a ½ and ¾ size of an A4 sheet of photocopy paper. You need to bring a cloth, wide masking tape and water containers, and any paint, crayons, or pastels with which you'd like to work, and a large backing board on which to tape the brown cardboard. You can bring two sets of photographic references as you may like to create two portraits on the day.
